

District 10 Technology Grant Program - 2021

The District 10 Lions will provide a matching grant of up to \$500.00 to be used for the purposes of purchasing technology infrastructure to increase club communication, enhance record keeping, and provide support equipment to clubs in District 10 in order to assist in the promotion of the mission of Lions in their local communities.

Clubs who apply for the matching grant must be current with District 10 and Lions International dues and be in good standing with District 10 and Lions International. This grant will be available until December 31, 2021. A requesting club may only apply for one grant from the District.

The grant application must be submitted by the current President of the District 10 Lions Club and have the approval of the club membership in order to apply. (provide an official copy of meeting minutes with the application)

The requesting club must submit proof of their qualified expenses (receipts) to the District Grant Administrator in order for the grant funds to be released. All items purchased shall become property of the requesting club and shall be used primarily for the purposes of official Lions Club activities. All items purchased shall be maintained by the requesting club when it pertains to warranties, upgrades, regular maintenance. Items that require regular supplies shall be provided by the requesting club.

Qualifying Expenses:

Laptop Computers, Computer Accessories, Printers, Scanners, Internet Service Products (Routers, WiFi Hardware), Communication Technology Services (i.e. Zoom, Teams), Communication Technology Accessories, Computer Technology Software (i.e. Microsoft Office Word, Excel, Power Point), Accounting Software (i.e. Quicken, QuickBooks).

If your request for technology infrastructure or supplies does not include any of the items listed above, please contact the District Grant Administrator for approval before applying for the grant request.

District 10 Technology Grant Committee

All grant requests are required to be reviewed by the District 10 Technology Grant Committee. The committee shall consist of a District Grant Administrator and two other committee members from the District 10 Cabinet. All applications submitted to the District will be assessed to ensure that all requests fall within the necessary requirements of the grant. The District Grant Administrator and the other members of the committee will communicate with the requesting clubs if the committee needs additional information prior to approving the grant request.
