

From our Assistant Principal Kristie Bangart

We would like to thank Coach for the amazing work he has been doing with the music program this year. He has been busy putting together music performances for grades Pk-7 and compiling them into a video for others to see later in June. St. Joseph Catholic School is so proud of all of our amazing students as we wrap up a complete school year. We made it boys and girls! Everyone has worked hard in every aspect of school and the staff has enjoyed every minute with them. We will have a new website hopefully up and running before the end of June. We thank Kathleen Wreede for all of her help and guidance. We thank her for all she has done to help us out at our school this year and in the past. I thank our wonderful staff for pulling together to help each other out in time of need this year. We thank our Preschool Committee and are well on our way to accepting 3K in the fall along with 4K full time. We thank the Home and School Committee for all of their hard work and guidance this year as well. There are so many people to thank for their time, talent, love and support of our great school. The students are getting ready and anxious to enjoy their Summer vacation. The classrooms are wrapping up their lessons, praying for a safe Summer, and saying their goodbyes. God will be with us all as we finalize our school year and anxiously await the arrival of 2021-2022.
